

Please review the updated COVID-19 Protocols

- All tee time bookings must be made **IN ADVANCE** on the Morningstar GC tee sheet accessible through the website www.morningstargolf.com or by phone to (250) 248-2244 and must include the **names of all golfers in the group with contact information.**
- Golfers are asked to time their arrival at the Club to no more than 30 minutes in advance of their tee time. That allows time to check in with the Golf Shop, hit some warm-up shots and a few putts.
- Any person with any signs of illness should not come to the golf course.
- Tee time spacing is now 10 minutes.
- The Golf Shop is limited to access with entrance through the doorway nearest the parking lot and exit the doorway nearest the 1st tee. Masks are required in indoor spaces... see COVID protocols for food services here: morningstargolf.com/morningstar-bar-grill/
- Beverage and snack service is available at The Turn starting at 10 AM.
- Golf cars are available, and for those not living in the same household we have clear vinyl dividers to separate two riders... **ZERO TOLERANCE FOR INFRACTIONS.**
- A washroom is available in the Clubhouse, limited to two persons at a time. Washrooms on the course are available and all washrooms will be sanitized regularly through the day.
- Golfers are to practice **PHYSICAL DISTANCING AT ALL TIMES.**
- There is a sleeve inside the cups so the ball can be holed but it will not drop to the bottom. Please avoid touching the flagstick. **Scores may be recorded for handicaps.**
- Because there are no rakes in bunkers, golfers may lift and place their ball within a bunker. Ball washers have been removed from service.
- At the end of their round, golfers may enjoy food and beverage at the Clubhouse. Capacity has been reduced by 50% and tables and chairs must remain where they are. Servers will approach the tables to take orders. See complete COVID protocols for food services here: morningstargolf.com/morningstar-bar-grill/

The golf course will remain available to golfers based on their cooperation with these protocols as laid out by BC Public Health.

Please convey any concerns to the office or the Golf Shop.

Let us all work to ensure *everyone* can continue to enjoy golfing at Morningstar!
